You don't have to look like everyone else.

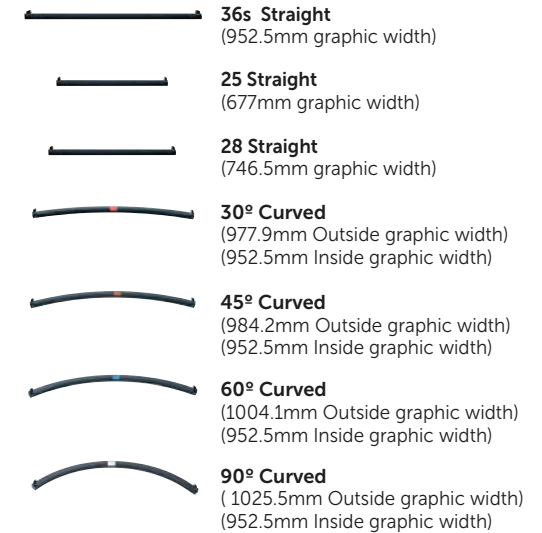

Curveframe creates a unique look to make you stand out.

Curveframe features:

- Light and easy to transport: a full 3m backwall packs compactly in 2 cases with wheels and cases convert into oval tables.
- Strong and universal frame: all tubes are universal making it easy to expand and reconfigure your stand with straight and curved frames to help create different looks.
- Simple and toolless set up – the connection system allows you to assemble tubes quickly and easily. The panels will then snap into precise alignment thanks to our clever polarized magnets.
